

## New and exclusive Nel's Lodge @ Sibuya Game Reserve

[Watch Intro to Nel's](#)

Sibuya's new sole-use gem, is a home converted in memoriam to Nel, a founding family member of the reserve. This unique 4-Star hideaway, built with pebbles harvested from the reserve, is perched strategically on a plateau surrounded by dense indigenous forest with spectacular views of the riverine plains and the Kariega Estuary in the valley below as it meanders through the reserve to the distant ocean.

Nel's Lodge boasts a spacious open plan living area complete with a cozy fireplace, generous decks and heated swimming pool. Situated upstairs is the spacious air-conditioned master bedroom is en-suite with shower and bath, and with a balcony overlooking the reserve. The ample space in this bedroom makes it possible for two children to share with parents.

Downstairs includes two bedrooms (air-conditioned), one en-suite with bath and shower and the second having a sole-use bathroom with a shower. Both bedrooms have direct access to spacious decks with magnificent views.

Suitable for a family or small group, Nel's Lodge can accommodate up to eight people with children sharing. The lodge is on grid electricity and Wi-Fi is available.

Guests will enjoy the same exclusive services (chef, field guide, private game drive vehicle, etc.) as the other Sibuya accommodation venues.

We look forward to welcoming your guests to Nel's Lodge in 2026!
